:: Tambo Blank Canvases ::

Tambo Blank Canvases are individually handmade and stretched by our own in-house picture framer to exacting standards set by 'The Fine Art Trade Guild'. Our canvases are of an exceptionally high quality and are constructed using chunky 45mm deep hardwood frames and pre-primed 100% cotton duck canvas. Our blank canvases are suitable for both acrylic and oil media. Tambo blank canvases are stretched and secured on the rear of the hardwood frame with no staples or fixings visible. The corners of our blank canvases are also flat and have a neat 'tailored fit' making them very aesthetically pleasing.
